

STATE OF NEW JERSEY
UNCLAIMED PROPERTY ADMINISTRATION (UPA)
HOLDER REPORTING PACKET

This reporting instruction packet is designed to provide the Holder of Unclaimed Property with the information needed to report, remit and/or deliver abandoned property to the New Jersey State Treasurer. The statute (Public Laws of 1989, Chapter 58; New Jersey Statutes 46:30B-1 et seq.) should be referenced for a complete statement of the law and its various details. The State reserves the right to alter or supplement any statement made in this packet. To ensure successful filing of your report, it is highly recommended that the Holder read this entire packet before preparing your annual holder report.

The State of New Jersey accepts NAUPA Standard Electronic File Format (please see the Electronic Media specifications on pages 18-48) via the UPA's [Online Holder Reporting](#) (see instructions on page 52). If you have any questions, please refer to the [Frequently Asked Questions](#) link located on the NJ UPA website. If you have any further questions, please visit the 'Contact Us' page on our website.

Holder Reporting Highlights:

- For Holders who are reporting \$50,000 or more that do not use the ACH payment tool in our reporting application, a Fed Wire or an ACH Transfer is required. **Do not use the Taxation EFT system.** You must e-mail details of any Fed Wire to upawire@treas.nj.gov prior to the wire transfer to assure proper credit to your account. Please fill out the originator (Holder) name on the Wire form. DO NOT USE the processing bank's name in that field. Proper credit cannot be applied if this line is incorrect, and penalties may be assessed. Please see Section III "Payment and Delivery of Unclaimed Property."
- Safe deposit box reports must be submitted separately from other personal property reports. See pages 59 through 67 for reporting Safe Deposit box items.
- The State of New Jersey does not have any reciprocal unclaimed property agreements with any other state.
- Always register securities with the U.S.P.S. address and not the physical address. If a package is mailed USPS First Class mail to the physical address it will not be delivered to this office and is usually returned to sender.

P.O. Box 214
Trenton, NJ 08625-0214

- Mutual funds must be liquidated and the cash proceeds reported with each owner's. Please read the detailed instructions on page 52.
- To stay current with any new reporting requirements, please review the unclaimed property statute L.1989, c.58 as amended by L.2002, c.35; L.2010, c.25; L.2012, c.14; and L.2015, c.8.
- Stock registration options include the use of the Deposit and Withdrawal at Custodian (DWAC) system. This DWAC system is the preferred option for stock re-registration. Please refer to the Delivery of Stock Securities to the State of New Jersey instructions on pages 48-49.

Online Reporting is Required

In an effort to modernize our operations, the New Jersey Unclaimed Property Administration (UPA) has implemented several technological improvements in the way we receive and process incoming holder reports. One of these improvements is the Online Holder Reporting Application that allows the business community to create an account, submit annual reports, and remit unclaimed property funds to the State. Below is a snapshot of the Holder Reporting icon that is currently posted on the [UPA home page](#).

Negative Reports are no longer required – Negative reports, beginning in report year 2018, are NOT required. A negative report is an annual report submission made by the Holder even though the Holder is not reporting or remitting any unclaimed property for that report year. Filing a negative report is recommended if you typically report unclaimed property to New Jersey. A negative report filing would act as a confirmation that you reviewed your accounting for unclaimed property that report year but did not identify any. The UPA only accepts negative reports through our Online Holder Reporting application and to file these a file does not need to be created.

IMPORTANT CHANGE FOR 2018

Forms UP-1 and UP-2 are **no longer accepted** by the UPA. In place of completing these forms, Holders can now create a report using HRS Pro's manual report option. This is fast, easy, and replicates the previous process of filling in UP-1 and UP-2 forms. Visit [Conduent's HRS Pro](#) website, register as a new user, and follow the instructions to create a manual file. When logged into your account you can access an [FAQ section](#) that supports this tool. Once an electronic report is created, simply select the option to create a NAUPA file, log into the UPA's reporting application, upload the file, and make your payment.

NOTE: The UPA does not provide technical support to Conduent's HRS Pro software.

Holder/Client/UPA Communication

The UPA Report Section experiences a large number of calls from property owners with claim questions rather than reporting questions. To correct this confusion and to better serve and expedite the claims process please follow the instructions below:

- Please instruct the owners/claimants to search for their property on our partner web site: www.missingmoney.com. The UPA has partnered with missingmoney.com to reunite property owners with their abandoned property. If they locate property they should simply follow the instructions for filing a claim provided by the website.
- If their name is not found on missing money's website, instruct the claimant to obtain a blank claim form from the UPA website at [UPA Claim Form](#). The claimant should either email the completed form to upadocs@treas.nj.gov or mail it to the address provided on the form.
- All Holders are advised to add the www.missingmoney.com website address with all correspondence to owners including their due diligence mailings.

STATE OF NEW JERSEY GENERAL REPORTING REQUIREMENTS

I. Conditions for Reporting

In general, three conditions must be satisfied before any unclaimed property is reported and turned over to the State Treasurer:

1. Presumption of Abandonment

Property that has remained unclaimed by the owner for a certain period of time, as specified in the Unclaimed Property Statute. Examples of typical properties are given on pages 5-7.

2. Address Requirement

The last known address of the owner of the abandoned property is in the State of New Jersey. For additional conditions, please see page 3 and 4 for statutory language regarding address requirement. In addition, please note that the State in which the intermediary is incorporated has the right to escheat funds belonging to beneficial owners who cannot be identified or where there is no last known address. (See Delaware v. New York, 114 S.Ct. 2670 (1993)).

3. Notice to Apparent Owners

If the amount of the unclaimed property is \$50.00 or more, the holder shall send a certified letter with return receipt requested R.S. 46:30B-50 to the apparent owner at the last known address. This notice should inform the owner that the holder is in possession of unclaimed property that will be turned over to the State Treasurer unless the owner claims it from the holder before the report is filed. This notice to apparent owners should be mailed not more than 120 days nor less than 60 days before filing the report. See sample letters on pages 59-61.

II. Reports and Content

- A properly completed report must include your Federal Tax Identification number in the Holder Summary and the owner details required for the determination of entitlement to property on Owner Information.
- Holders reporting property from a life or endowment insurance policy or annuity contract must report the full name and address of the insured or annuitant as well as the named beneficiary recorded and maintained by the company holding the funds.
- Dividends are not to be reported as an aggregate.
- Encrypted Electronic files created in the HRS-Pro system software can be submitted using the Online Holder Reporting process

See Reports submitted via Online Holder Reporting instructions on page 49.

III. Payment and Delivery of Unclaimed Property

At the time of filing the report, the Holder must turn over to the State Treasurer all of the property remaining unclaimed. This remittance and report should include all applicable interest/dividend/income/corporate actions to the date of the report **not to the date of the end of the abandonment cycle**. Payment must accompany the report. All cash remittances are to be made payable to "Treasurer, State of New Jersey."

Securities should be submitted free receipt via DTC or DWAC system whenever possible. They must be re-registered in New Jersey's nominee name "Neary Penco". Always register securities with the P.O. Box 214 Trenton, NJ 08625 address and not the physical address. Dividend Reinvestment Plan (DRP) shares must be delivered in a physical form or electronically via DTC (see instructions). For DWAC system and free receipt via DTC instructions see pages 50-55 or dividend reinvestment plan (DRP) information see page 56.

The UPA is requiring all payments of \$50,000 or more be submitted either through eCheck payment (part of our Online Holder Reporting application) or through ACH or Fed Wire Transfer. When using a wire transfer, a copy of your transmittal should be attached to your Holder Report to verify payment. The Wells Fargo Bank ABA# for ACH/WIRE Instructions have changed. Please refer to the ACH/WIRE Instructions for complete details.

Broker Reports are a unique environment regarding unclaimed property reporting. Each brokerage firm reports securities differently. Because of these variations, New Jersey Unclaimed Property has faced challenges in paying rightful owners promptly. We established a procedure to enable simplification and uniformity of reporting. It is of utmost importance that you follow this procedure (see pages 51-56).

The Unclaimed Personal Property Report shall be filed with payment **before November 1**, of each year as of the preceding June 30. The Unclaimed Life Insurance Report shall be filed **before May 1**, of each year as of the preceding December 31. **Failure to meet this requirement** will result in statutory interest and penalties. Pursuant to P.L. 1989, Chapter 58 Uniform Unclaimed Property Act, the consequences are as follows:

46:30B-103. "Interest Payable For Failure To Pay Or Deliver Property On Time. A person who fails to pay or deliver property within the time prescribed by this chapter shall pay the administrator interest at the annual rate of 10% above the annual rate of discount in effect on the date the property should have been paid or delivered, for the most recent issue of 52-week United States Treasury Bills on the property or value thereof from the date the property should have been paid or delivered."

46:30B-104. "Penalty for failure to render report or perform other duties.

Except as otherwise provided in R.S.46:30B-105 or 46:30B-105.1, a "holder who fails to report, pay or deliver property within the time prescribed by Chapter 30B of Title 46 of the Revised Statutes, or fails to perform other duties imposed by that chapter, shall pay to the administrator, in addition to the interest as provided in R.S.46:30B-103, a civil penalty of \$200.00 for each day the report, payment, or delivery is withheld, or the duty is not performed, up to a maximum of \$100,000."

46:30B-105. "Penalty for willful failure to report, pay, or deliver property. A holder who willfully fails to report, pay, or deliver property within the time prescribed by chapter 30B of Title 46 of the Revised Statutes, shall pay to the administrator, in addition to the interest provided in R.S.46:30B-103, a penalty of \$1,000 for each day the report, payment, or delivery is withheld, or the duty is not performed, up to a maximum of \$250,000, plus 25% of the value of any property that should have been but was not reported." For the purpose of this section, a willful failure to report includes the filing of a report which is plainly inaccurate, incomplete, or out of balance and the same is not corrected by the holder within six months after its original due date.

IV. Release of Liability

A holder who pays and delivers property to the State of New Jersey in good faith is relieved of all liability to the extent of the money paid or property delivered.

V. Advertising of Unclaimed Property

After the receipt of the report, the State Treasurer will publish a listing of the apparent owners of unclaimed property in a newspaper of general circulation in the county of the last known address of the owner.

VI. Compliance Audits

In an effort to provide assistance and ensure compliance, the State Treasurer's audit staff may conduct periodic examinations of a Holder's records.

VII. Retention of Records

Every holder must maintain records of its unclaimed property for 5 years after the property has been reported and turned over to the State Treasurer. In addition to the records, electronic media should be retained for two years after the report is filed.

VIII. Data File Reporting

The State of New Jersey requires all Holders to report unclaimed property through a data file (via the State's Online Holder Reporting Application). Instructions and specifications are enclosed. Please see Electronic Media Specifications (pg.15-45) and Reports Submitted via Online Reporting Application (pg.46). Any questions can be directed to the Holder Reporting Section: unclaimedreports@treas.nj.gov

The UPA website also includes a detail list of Frequently Asked Questions regarding the reporting process. This can be accessed anytime at our website: www.unclaimedproperty.nj.gov

IX. Property Type Codes

The property type code selected should accurately reflect the type of property being reported. These codes determine the documentation required from the claimant. It cannot be emphasized enough how critical correct reporting of property types is to the claim process. New Jersey has adopted many of the NAUPA Codes and retains a few Codes that are not NAUPA standard. As mentioned previously, please refer to the property type codes.

46:30B-10. Further conditions to be satisfied to subject property to custody.

To subject property to the custody of this State as unclaimed property, the following conditions also shall be satisfied:

- a. The last known address, as shown on the records of the holder, of the apparent owner is in this State.
- b. The records of the holder do not reflect the identity of the person entitled to the property and it is established that the last known address of the person entitled to the property is in this State;
- c. The records of the holder do not reflect the last known address of the apparent owner, and it is established that:
 - (1) The last known address of the person entitled to the property is in this State, or
 - (2) The holder is a domiciliary or a government or governmental subdivision or agency of this State and has not previously paid or delivered the property to the state of the last known address of the apparent owner or other person entitled to the property;
- d. The last known address, as shown on the records of the holder, of the apparent owner is in a state that does not provide by law for the escheat or custodial taking of the property or its escheat or unclaimed property law is not applicable to the property and the holder is a domiciliary or a government or governmental subdivision or agency of this State;
- e. The last known address, as shown on the records of the holder, of the apparent owner is in a foreign nation and the holder is a domiciliary or a government or governmental subdivision or agency of this State; or

f. The transaction from which the property arose occurred in this State, and

- (1) The last known address of the apparent owner or other person entitled to the property is unknown, or
- (2) The last known address of the apparent owner or other person entitled to the property is in a state that does not provide by law for the escheat or custodial taking of the property or its escheat or unclaimed property law is not applicable to the property, and
- (3) The holder is a domiciliary of a state that does not provide by law for the escheat or custodial taking of the property or its escheat or unclaimed property law is not applicable to the property."

NOTE: Zip code alone is sufficient to identify the state of the owner's (the creditor's) last known address in order to identify which state has the right to escheat the abandoned property under the first priority rule.

HRS Pro (Holder Reporting System)

NOTE: The HRS-Pro application provides a link to the NJ UPA Online Holder Reporting Application after the report file has been created in HRS-Pro.

II. RECORD TYPE DESCRIPTIONS and TR-CODES

The NAUPA standard for reporting unclaimed property is based upon 6 record types:

<u>RECORD TYPE</u>	<u>TR-CODE</u>
1. Holder Records	1 – then it is a HOLDER record
2. Property Records	2 – then it is a PROPERTY record
3. Property Additional Owners	3 – then it is a PROPADD record
4. NOT IN USE IN NJ	
5. Securities Additional Information	5 – then it is a SECURITY record
6. Tangible Property Information	6 – then it is a TANGIBLE record
7. NOT IN USE IN NJ	
8. NOT IN USE IN NJ	
9. Summary Information	9 – then it is a SUMINFO record

Holders using the NAUPA standard must use the file layouts as shown. The fields are comprehensive in nature, meaning some fields are not used by all states and some fields may only be used by one state.

In the Mandatory – Required - Optional column of each record type layout, it will state if the field is mandatory, required or optional. If the field is marked:

“mandatory” or “M”, information must be supplied in order to process the file correctly or the file will be rejected.

“required” or “R”, you must supply the information if you know it, i.e., the information is usually required by law or regulation.

“optional” or “O”, the information is desired and will be used if supplied.

Multiple Holder Reports

Since the PROPERTY, PROPADD, SECURITIES, TANGIBLE and SUMINFO do not contain fields to link them with a certain holder record, using a single file for multiple Holder Reports requires some special handling. If multiple Holder Reports are put on a single medium, Holders MUST follow the instructions below:

Option 1- Each Holder Report is located in a separate file in the root directory. The file begins with a HOLDER record, and ends with a SUMINFO record. Only one HOLDER and one SUMINFO record exists in the file.

Option 2 - All Holder Reports are in the same file in the root directory. The HOLDER record must be the first record in the file, and the SUMINFO record must be the last record in each Holder Report. All PROPERTY, PROPADD, SECURITY and TANGIBLE records located between the HOLDER and SUMINFO records will be assumed to belong to that HOLDER record. The HOLDER record for the second Holder Report should be the first record after the SUMINFO record for the previous Holder Report. The same criteria will hold true for subsequent Holder Reports.

Field Definitions / Specifications

STATE OF NEW JERSEY UNCLAIMED PROPERTY ADMINISTRATION (UPA) REPORTS SUBMITTED VIA ONLINE REPORTING APPLICATION

In an effort to modernize our operations, the New Jersey Unclaimed Property Administration (UPA) has implemented several technological improvements in the way we receive and process incoming holder reports. One of these improvements was the implementation of an Online Holder Reporting system that allows the business community to create an account, submit annual reports, and remit unclaimed property funds to the State. Below is a snapshot of the Holder Reporting icon that is posted on the UPA home page.

Upon entering this application a first time user will be required to create an account. Please retain your login information to access the application in future years.

Once logged into your account, you will be able to upload your electronic report and either make an ACH payment (no forms submitted) or print out a payment voucher and submit a Fed Wire or mail in your remittance (Checks made payable to: Treasurer, State of New Jersey).

Once you complete this process nothing further is needed from the holder (unless you're reporting shares, see pages 48-53).

All Negative Reports must be submitted using the Online Holder Reporting System. All businesses that are either incorporated in New Jersey or have a business presence in New Jersey are required to file a negative report.

HOLDER REIMBURSEMENT INSTRUCTIONS

The State of New Jersey Unclaimed Property Administration (UPA) is proud to announce an improved process for Unclaimed Property Holders to request reimbursement on previously escheated property. This electronic system significantly reduces the processing time of Holder reimbursement submissions. The system allows Holders to provide a data file to the UPA that can be loaded directly into our claims processing software program. Properties in the data file that match properties escheated by the holder in our database will be added to a new reimbursement request (holder claim) in the Holder's name.

By selecting this icon on our home page, www.unclaimedproperty.nj.gov, you will be provided with the instructions for creating and submitting the file.

This web page also provides the old form needed to file a holder reimbursement if you choose to use the old method.

The Office of New Jersey Unclaimed Property Administration (UPA) is authorizing an automatic extension to file your annual New Jersey Unclaimed Property Report for the number of days you selected above. However, pursuant to N.J.S.A. 46:30B-103 which expressly provides that when the unclaimed property is not paid to the State Treasurer when the report is due, interest on the unclaimed property will be assessed and computed at an amount that is 10% above the discount rate for 52-week United States Treasury Bills. The holder has two options.

1. The holder can make an estimated payment of the amount reportable prior to sending the report. Under this option, payment would only be subject to interest beginning November 1st for Personal Property, and beginning May 1st for Life Insurance property, to the date the payment is postmarked. If an overpayment is made, the overpayment will be automatically refunded after your report is balanced. If an underpayment is made, the discrepancy must be paid with the report, and you may be subject to interest on this sum from the statutory due date to the date the payment is postmarked.

2. The holder can file the report on the extended due date. Interest at the statutory rate will be charged for the period between the statutory due date and the date the payment is postmarked.

In both cases, UPA may bill you for the amount of interest that is due. Prior to UPA’s receipt of a report and payment, the Holder continues to have the responsibility to receive and pay any valid claims made by the apparent owner of the property.

The request for the extension is automatically approved provided the aforementioned procedures are followed. The final report will be due by the date you selected. Your estimated payment is due before the statutory due date.

Mail this prepared Form to the address at the top of the form or fax it to (609) 984-0593. Once the form has been filed, the report extension is automatically approved. Please note that no confirmation will be sent.

**Safe Deposit Box Contents
Reporting Instructions**

The following information is intended as a guide of your obligations to report unclaimed safe deposit box contents. The Statute (Public Laws of 1989, Chapter 58, New Jersey Statutes 46:30B-1 et seq.) and relevant administrative code attached should be referenced for a complete statement of the law and its various details.

REPORTING DETAILS

The unclaimed safe deposit box report submission must be filed to this office **before November 1st** of the report year ending June 30th.

This office will not accept delivery of safekeeping contents by mail or in person from a holder. Safekeeping contents will only be accepted after representatives from our office have reviewed the report and contents at your location. This office will contact you prior to the inspection.

Unclaimed Property Safe Deposit Box Reports must be prepared using the HRS Pro **Excel Template** file format and remitted via email to Linda.Henderson@treas.nj.gov. Any safekeeping reports uploaded electronically using the NAUPA File format will be rejected. The HRS Pro software is available for download at www.wagers.net. All report submissions must also include a UP-1S form which can be retrieved from:

<http://www.unclaimedproperty.nj.gov/pdf/safekeeping-up1s.pdf>

Important Notes

- Each owner's contents must be reported individually.
- Each owner must also stand alone with regard to potential lien charges, sale expenses, and sale proceeds.
- Cash must be maintained in its original form, and not co-mingled with cash of other owners. It must not be converted to any other financial instrument.

If you have questions on safe deposit box reporting please e-mail your questions to:

unclaimedreports@treas.nj.gov or Linda.Henderson@treas.nj.gov

DUE DILIGENCE NOTICE

You are required to give a written notice to the apparent owner not more than 120 days nor less than 60 days before the report is filed provided that you have a last known address and the property is valued at \$ 50.00 or more (N.J.S.A. 46:30B-50).

ABANDONMENT CRITERIA

A holder of unclaimed safe deposit box contents is required under N.J.S.A. 46:30B-45 to report the

contents to the State if the contents remain unclaimed by the owner for more than five years after the lease or rental period has expired.

REPORT YEAR

The statutory cycle for safe deposit box contents is July 1 through June 30. The report year is the year in which the report is due (before November 1 following the 12-month period ending on June 30).

CONTRABAND

If weapons or contraband items (guns, bullets, knives over 4 1/2 inches long, illegal drugs, etc.) are found at the time of drilling, the Holder should immediately notify the proper authorities. **Do not wait 5 years to inform the proper authorities!** Follow your internal policy regarding Contraband. The Holder must document the action taken.

ESTIMATING VALUES

An estimated value must be provided for each individual tangible item listed on the report per N.J.A.C. 17:18-1.4.

SALE BY HOLDER OF SAFEKEEPING CONTENTS

A holder of safekeeping contents may elect to conduct its own sale or auction (NJ 17:14A-51). If a holder conducts a sale or auction of safekeeping contents, the proceeds less any lien charges, storage costs, and advertising costs must be reported and remitted to the state five years after the lease or rental period has expired. The report must identify the individual items sold as well as items not sold on the safekeeping report. The excess proceeds must accompany the Unclaimed Safekeeping Report. The lien charges and sale expenses can only be deducted from each individual box/unit. The Holder may not add together proceeds from all box/units and seek total reimbursement for all lien charges and sale expenses. Proof of costs for each individual box/unit must be maintained by the holder. Each box/unit must be accounted for separately in all respects.

DESTRUCTION OF CONTENTS

Contents that remain after a sale or auction may be destroyed by the holder **after** the items are verified as "worthless" by a UPA field representative (N.J.A.C. 17:18-1.6). This verification takes place after the report is filed but before the State takes possession of the items. The Holder will be contacted after the State reviews the report filing to provide destruction verification or schedule a time to review the reported items. Once items are deemed worthless by the UPA field rep they may be destroyed as the Holder sees fit (N.J.A.C. 17:18-1.6). Any remaining items will then be turned over to the State.

"Worthless" items, as determined by the UPA field representative, are typically personal letters, food items (of any type), clothing (exclusive of furs), dentures, eyeglasses, personal prosthetic devices, inexpensive trinkets, ashtrays, paperweights, High School/College textbooks, notebooks-with/without personal writing, personal snapshots/pictures, newspapers/magazines, personal documents, certificates, diplomas, receipts – gas/electric/telephone/rent, training manuals (any profession), paperback books, and paper clips/elastic bands (N.J.A.C. 17:18-1.4).

RECORD RETENTION

A holder of unclaimed safekeeping contents is required to maintain records related to safekeeping items for a period of five years after the report is filed with the State. This includes any records related to the original postings, certifications by notary public, lien charges, details of a sale (if applicable), storage costs, advertising costs, the filed State of New Jersey Safe Deposit Box Audit Report or other records related to the safekeeping contents.
