

## **Language Provisions**

This section includes the General Language provisions which provides certain restrictions on the use of State and Federal Fund appropriations.

## FEDERAL PROVISIONS

Notwithstanding the provisions of any State law or regulation to the contrary, no State agency shall accept or expend federal funds except as appropriated by the Legislature or otherwise provided in this act.

In addition to the federal funds appropriated in this act, there are appropriated the following federal funds, subject to the approval of the Director of the Division of Budget and Accounting: emergency disaster aid funds including grants for preventive measures; pass-through grants to political subdivisions of the State over which the State is not permitted to exercise discretion in the use or distribution of the funds and for which no State matching funds are required; the first 25% of unanticipated grant awards, and up to 25% of increases in previously anticipated grant awards for which no State matching funds are required except, for the purpose of this section, federal funds received by one executive agency that are ultimately expended by another executive agency shall not be considered pass-through grants; federal financial aid funds for students attending post-secondary educational institutions in excess of the amount specifically appropriated, and any such grants intended to prevent threats to homeland security up to 100% of previously anticipated or unanticipated grant award amounts for which no State matching funds are required, provided however, that the Director of the Division of Budget and Accounting shall notify the Legislative Budget and Finance Officer of such grants; and all other grants of \$500,000 or less which have been awarded competitively.

For the purposes of federal funds appropriations, “political subdivisions of the State” means counties, municipalities, school districts, or agencies thereof, regional, county or municipal authorities, or districts other than interstate authorities or districts; “discretion” refers to any action in which an agency may determine either the amount of funds to be allocated or the recipient of the allocation; and “grants” refers to one-time, or time limited awards, which are received pursuant to submission of a grant application in competition with other grant applications.

The unexpended balances at the end of the preceding fiscal year of federal funds are appropriated for the same purposes. The Director of the Division of Budget and Accounting shall inform the Legislative Budget and Finance Officer by November 1, 2011 of any unexpended balances which are continued.

Out of the appropriations herein, the Director of the Division of Budget and Accounting is empowered to approve payments to liquidate any unrecorded liabilities for materials delivered or services rendered in prior fiscal years, upon the written recommendations of any department head or the department head’s designated representative. The Director of the Division of Budget and Accounting shall reject any recommendations for payment which the Director deems improper.

The sum herein appropriated to the Department of Transportation for the Hudson-Bergen Light Rail Transit System is hereby appropriated, to the extent necessary, to pay the principal of and interest on the grant anticipation notes issued by the New Jersey Transit Corporation.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the General Medical Services program classification, and within the federal matching funding, in the Division of Medical Assistance and Health Services and Division of Disability Services in the Department of Human Services, and within the Medical Services for the Aged program classification, and within the federal matching funding, in the Division of Senior Services in the Department of Health and Senior Services, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Notwithstanding the provisions of any law, regulation or Executive Order to the contrary, any purchase by the State or by a State agency or local government unit of equipment, goods or services related to homeland security and domestic preparedness, that is paid for or reimbursed by federal funds awarded by the U.S. Department of Homeland Security or other federal agency, appropriated in the current fiscal year, may be made through the receipt of public bids or as an alternative to public bidding and subject to the provisions of this paragraph, through direct purchase without advertising for bids or rejecting bids already received but not awarded. The equipment, goods or services purchased by a local government unit shall be referred to in the grant agreement issued by the State administrative agency administering such funds and shall be authorized by resolution of the governing body of the local government unit entering into the grant agreement. Such resolution may, without subsequent action of the local governing body, simultaneously accept the grant from the State administrative agency, authorize the insertion of the revenue and offsetting appropriation in the budget of the local government unit, and authorize the contracting agent of the local government unit to procure the equipment, goods or services. A copy of such resolution shall be filed with the chief financial officer of the local government unit, the State Administrative agency and the Division of Local Government Services in the Department of Community Affairs. Purchases made without public bidding shall be from vendors that shall either (1) be holders of a current State contract for the equipment, goods or services sought, or (2) be participating in a federal procurement program established by a federal department or agency, or (3) have been approved by the State Treasurer in consultation with the New Jersey Domestic Security Preparedness Task Force. All homeland security purchases herein shall continue to be subject to all grant requirements and conditions approved by the State administrative agency. The Director of the Division of Purchase and Property may enter into or participate in purchasing agreements with one or more other states, or political subdivisions or compact agencies thereof, for the purchase of such equipment, goods or services, using monies appropriated under this act, to meet the domestic preparedness and homeland security needs of this State. Such purchasing agreement may provide for the sharing of costs and the methods of payments relating to such purchases. Furthermore, a county government awarding a contract for Homeland Security equipment, goods or services, may, with the approval of the vendor, extend the terms and conditions of the contract to any other county government that wants to purchase under that contract, subject to notice and documentation requirements issued by the Director of the Division of Local Government Services.

Of the amounts appropriated for Income Maintenance Management, amounts may be transferred to the various departments in accordance with the Division of Family Development’s agreements, subject to the approval of the Director of the Division of Budget and Accounting. Any unobligated balances remaining from funds transferred to the departments shall be transferred back to the Division of Family Development subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, in addition to the federal funds hereinabove appropriated, there are appropriated to the appropriate executive agencies, subject to the approval of the Director of the Division of Budget and Accounting, such additional federal funds received during this fiscal year pursuant to any federal law authorizing a federal economic stimulus program or any other similar federal program for the purposes, projects, and programs set forth in such law; provided, however, that if the federal law does not delineate the specific purposes, projects, and programs to be funded by the federal funds, the purposes, projects, and programs to be funded by the federal funds shall be subject to the approval of the Joint Budget Oversight Committee, and further provided, however, that the State Treasurer shall report to the President of the Senate, the Speaker of the General Assembly, the Chair of the Senate Budget and Appropriations Committee, and the Chair of the Assembly Budget Committee at least quarterly on the receipt and utilization of all additional federal funds received during this fiscal year pursuant to any federal law authorizing a federal economic stimulus program.

Officials from the appropriate executive agencies are hereby authorized to take such steps, if any, as may be necessary to qualify for, apply for, receive and expend such federal funds and to make such commitments, representations and other agreements as may be required by the federal government to receive federal funds under federal law authorizing the federal economic stimulus program or any other similar federal law. Furthermore, and notwithstanding any other law or regulation to the contrary, officials from the appropriate executive agencies may encumber any of these federal funds appropriated pursuant to this provision prior to entering into any contract, grant or other agreement obligating the federal funds, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the specific appropriations made below, in the event that the federal funds received under ARRA are not in their entirety or in part allocated to the specific purposes listed below, to permit flexibility in the handling of appropriations, amounts may be transferred to and from the various items of the appropriations listed below or may be used for such other purposes permitted under ARRA subject to the approval of the Director of the Division of Budget and Accounting and upon the recommendation of the State Treasurer. The federal funds provided pursuant to ARRA with respect to the SEP shall be used only for purposes allowed under part D of title III of the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.), and the federal funds provided pursuant to ARRA with respect to the Block Grant Program shall be used only for implementation of programs authorized under subtitle E of title V of the Energy Independence and Security Act of 2007 (42 U.S.C. 17151 et seq.). With respect to all federal funds which are appropriated pursuant to this provision, NJEDA, HMFA, the Office of Energy Savings and the BPU shall prepare and timely submit to the United States Department of Energy the reports required under Pub.L. 111-5, Section 1512(c), including without limitation the detailed information required with respect to all projects or activities for which such federal funds were expended or obligated.

- a. SEP. SEP monies received by the State under ARRA are hereby appropriated to the Clean Energy Fund and shall be allocated by the Board of Public Utilities (“BPU”) as follows. The BPU shall enter into memoranda of understanding with the applicable agencies listed below which memoranda of understanding shall provide for the transfer of such monies to the applicable agencies for the purposes listed below.

  - (2) \$20,643,000 for a program to be developed and administered by the BPU for grants to State departments, agencies, authorities and public colleges and universities for renewable and energy efficiency projects at such entities, including but not limited to, wind, solar, or hydro energy, biofuels, geothermal, and energy storage applications, with applications prioritized by an interagency evaluation team consisting of one representative each from the BPU, NJEDA, Office of Economic Growth, Commission on Science and Technology, and the Office of Energy Savings, based on the ability to create jobs, reduce greenhouse gas emissions, save or create energy, and provide for innovative technology;
  - (3) \$7,000,000 to the New Jersey Housing Mortgage Finance Agency (“HMFA”) for a program to be developed and administered by the HMFA to provide financing for the construction of solar energy projects on qualified multi-family housing financed through the HMFA, such funds to be leveraged with existing State energy rebate programs and the federal investment tax credit, with grants prioritized based on the ability to create jobs, generate energy, provide benefits to property residents and to meet HMFA timeframes, and with HMFA retaining ownership of all related solar renewable energy certificates for the purpose of establishing a revolving fund to support additional solar energy projects at HMFA-supported residential properties;
  - (4) \$8,000,000 to the HMFA for a low-interest loan program to be developed and administered by the HMFA for energy efficiency upgrades at single-family and multi-family facilities that are at or below 250% of the area median income (the higher of statewide or county median income) based on a family of four, and affordable multi-family housing owners which meet HMFA’s affordability requirements, and which are not eligible for equivalent financing programs offered by the utilities or the Clean Energy Program;
  - (5) \$17,000,000 to the Clean Energy Program for energy efficiency programs administered by the BPU, to be issued to public and private entities on a first-come, first-served basis and specifically targeting customers who are either not currently eligible for Clean Energy Fund incentives or whose energy consumption patterns do not make them likely applicants; and (6) \$6,000,000 to the Office of Energy Savings in the New Jersey Department of the Treasury for the purposes of energy efficiency and renewable energy programs and projects in State facilities, including State offices, State health facilities and State prisons.

- b. Block Grant Program. Block Grant monies received by the State under ARRA are hereby appropriated as follows:

The following transfer of appropriations rules are in effect for the current fiscal year:

- a. To permit flexibility in the handling of appropriations, any department or agency that receives an appropriation by law, may, subject to the provisions of this section, or unless otherwise provided in this act, apply to the Director of the Division of Budget and Accounting for permission to transfer funds from one item of appropriation to a different item of appropriation. For the purposes of this section, "item of appropriation" means the spending authority identified by an organization code, appropriation source, and program code, unique to the item. If the director consents to the transfer, the amount transferred shall be credited by the director to the designated item of appropriation and notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer. However, the director, after consenting thereto, shall submit the following transfer requests to the Legislative Budget and Finance Officer for legislative approval or disapproval unless otherwise provided in this act:
  - (1) Requests for the transfer of State and other non-federal funds, in amounts greater than \$300,000, to or from any item of appropriation;

  - (3) Requests for the transfer of State and other nonfederal funds, in amounts greater than \$50,000, to or from any Special Purpose or Grant account in which the identifying organization code, appropriation source, and program code, remain the same, provided that the transfer would effect a change in the legislative intent of the appropriations;
  - (4) Requests for the transfer of State funds, in amounts greater than \$50,000, between items of appropriation in different departments or between items of appropriation in different appropriation classifications herein entitled as Direct State Services, Grants-In-Aid, State Aid, Capital Construction and Debt Service;
  - (5) Requests for the transfer of federal funds, in amounts greater than \$300,000, from one item of appropriation to another item of appropriation, if the amount of the transfer to an item in combination with the amount of the appropriation to that item would result in an amount in excess of the appropriation authority for that item, as defined by the program class;
  - (6) Requests for such other transfers as are appropriate in order to ensure compliance with the legislative intent of this act.
- b. The Joint Budget Oversight Committee or its successor may review all transfer requests submitted for legislative approval and may direct the Legislative Budget and Finance Officer to approve or disapprove any such transfer request. Transfers submitted for legislative approval pursuant to paragraph (4) of subsection a. of this section shall be made only if approved by the Legislative Budget and Finance Officer at the direction of the committee.
- c. The Legislative Budget and Finance Officer shall approve or disapprove requests for the transfer of funds submitted for legislative approval within 10 working days of the physical receipt thereof and shall return them to the director. If any provision of this act or any supplement thereto requires the Legislative Budget and Finance Officer to approve or disapprove requests for the transfer of funds, the request shall be deemed to be approved by the Legislative Budget and Finance Officer if, within 20 working days of the physical receipt of the request, he has not disapproved the request and so notified the requesting officer. However, this time period shall not pertain to any transfer request under review by the Joint Budget Oversight Committee or its successor, provided notice of such review has been given to the director.
- d. No amount appropriated for any capital improvement shall be used for any temporary purpose except extraordinary snow removal or extraordinary transportation maintenance, subject to the approval of the Director of the Division of Budget and Accounting. However, an amount from any appropriation for an item of capital improvement may be transferred to any other item of capital improvement subject to the approval of the director, and, if in an amount greater than \$300,000, subject to the approval of the Legislative Budget and Finance Officer.
- e. The provisions of subsections a. through d. of this section shall not apply to appropriations made to the Legislative or Judicial branches of State government. To permit flexibility in the handling of these appropriations, amounts may be transferred to and from the various items of appropriation by the appropriate officer or designee with notification given to the director on the effective date thereof.
- f. Notwithstanding any provisions of this section to the contrary, transfers to and from the Special Purpose appropriation to the Governor for emergency or necessity under the Other Interdepartmental Accounts program classification and transfers from the appropriations to the various accounts in the category of Salary Increases and Other Benefits, both in the Interdepartmental Accounts, shall not be subject to legislative approval or disapproval.

The Director of the Division of Budget and Accounting shall make such correction of the title, text or account number of an appropriation necessary to make such appropriation available in accordance with legislative intent. Such correction shall be by written ruling, reciting in appropriate detail the facts thereof, and reasons therefore, attested by the signature of the Director of the Division of Budget and Accounting and filed in the Division of Budget and Accounting of the Department of the Treasury as an official record thereof, and any action thereunder, including disbursement and the audit thereof, shall be legally binding and of full force and virtue. An official copy of each such written ruling shall be transmitted to the Legislative Budget and Finance Officer, upon the effective date of the ruling.

If the sum provided in this act for a State aid payment pursuant to formula is insufficient to meet the full requirements of the formula, all recipients of State aid shall have their allocation proportionately reduced, subject to the approval of the Director of the Division of Budget and Accounting.

- When the duties or responsibilities of any department or branch, except for the Legislature and any of its agencies, are transferred to any other department or branch, it shall be the duty of the Director of the Division of Budget and Accounting and the director is hereby empowered to transfer funds appropriated for the maintenance and operation of any such department or branch to such department or branch as shall be charged with the responsibility of administering the functions so transferred. The Director of the Division of Budget and Accounting shall have the authority to create such new accounts as may be necessary to carry out the intent of the transfer. Information copies of such transfers shall be transmitted to the Legislative Budget and Finance Officer upon the effective date thereof. If such transfers may be required among appropriations made to the Legislature and its agencies, the Legislative Budget and Finance Officer, subject to the approval of the President of the Senate and the Speaker of the General Assembly, is hereby empowered and it shall be that officer's duty to effect such transactions hereinabove described and to notify the Director of the Division of Budget and Accounting upon the effective date thereof.

Receipts in any non-State funds are appropriated for the purpose of such transfer.
- The Governor is empowered to direct the State Treasurer to transfer from any State department to any other State department such sums as may be necessary for the cost of any emergency occasioned by aggression, civil disturbance, sabotage, or disaster. In addition, there are appropriated such additional sums as may be necessary for emergency repairs and reconstruction of State facilities or property, subject to the approval of the Director of the Division of Budget and Accounting and the Joint Budget Oversight Committee. Appropriations referred to the Joint Budget Oversight Committee shall be deemed approved, unless a resolution of disapproval is adopted within 10 working days of receipt of notification of the proposed appropriation.

If the statute provides for interest earnings, it shall be calculated at the average rate of earnings during the fiscal year from the State's general investments and such sums as are necessary shall be appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

Any qualifying State aid appropriation, or part thereof, made from the General Fund may be transferred and recorded as an appropriation from the Property Tax Relief Fund, as deemed necessary by the State Treasurer, in order that the Director of the Division of Budget and Accounting may warrant the necessary payments; provided, however, that the available unreserved, undesignated fund balance in the Property Tax Relief Fund, as determined by the State Treasurer, is sufficient to support the expenditure.

Notwithstanding any other provisions of this act, the State Treasurer, upon warrant of the Director of the Division of Budget and Accounting, shall pay any claim not exceeding \$4,000 out of any appropriations made to the several departments, provided such claim is recommended for payment by the head of such department.
