

Email Message – March 24, 2021

TO: Certifying Officers, All Funds

FROM: New Jersey Division of Pensions & Benefits (NJDPB)

SUBJECT: Workers' Compensation Carrier Information to be Mandatory on Retirement Certifications

The NJDPB will be requiring all employers to provide their Workers' Compensation carrier information on all Accidental Disability Retirement certifications. This information will be mandatory regardless of whether the member is collecting a Workers' Compensation benefit at the time of filing for retirement. As Accidental Disability Retirement benefits are offset by any Workers' Compensation award, the NJDPB must have this information on file so that the carrier can be contacted should there be any future award to the member after retirement. Thank you for your anticipated cooperation in this matter.
