Independent Auditors' Report

New Jersey State Employees Deferred
Compensation Plan Board
New Jersey State Employees Deferred
Compensation Plan:

We have audited the accompanying statements of fiduciary net assets of the New Jersey State Employees Deferred Compensation Plan (the Plan) as of June 30, 2010 and 2009, and the related statements of changes in fiduciary net assets for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the New Jersey State Employees Deferred Compensation Plan as of June 30, 2010 and 2009, and the changes in its financial position for the years then ended in conformity with U.S. generally accepted accounting principles.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information required by U.S. generally accepted accounting principles. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The Statements of Fiduciary Net Assets and the Statements of Changes in Fiduciary Net Assets

This annual report consists of two financial statements: *The Statements of Fiduciary Net Assets* and *The Statements of Changes in Fiduciary Net Assets*. These financial statements report information about the Plan and about its activities to help you assess whether the Plan, as a whole, has improved or declined as a result of the year's activities. The financial statements were prepared using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized in the period they are earned, and expenses are recorded in the year they are incurred, regardless of when cash is received or paid.

The Statements of Fiduciary Net Assets show the balances in all of the assets and liabilities of the Plan at the end of the fiscal year. The difference between assets and liabilities represents the Plan's fiduciary net assets. Over time, increases or decreases in the Plan's fiduciary net assets provide one indication of whether the financial health of the Plan is improving or declining. *The Statements of Changes in Fiduciary Net Assets* show the results of financial operations for the year. The statements provide an explanation for the change in the Plan's fiduciary

Notes to Financial Statements

June 30, 2010 and 2009

(1) Summary of Significant Accounting policies

Basis of Accounting

The financial statements of the New Jersey State Employees Deferred Compensation Plan (the Plan or NJSEDCP) have been prepared using the accrual basis of accounting and conform to the provisions of Government Accounting Standards Board (GASB) Statements No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, and Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*.

Investments

The Division of Investment, Department of the Treasury, State of New Jersey (the Division of Investment) manages and invests certain assets of various divisions, agencies and employees of the State of New Jersey in various groups of funds, which includes the Plan.

Prudential Retirement is the third-party administrator for the NJSEDCP. Prudential Retirement provides recordkeeping, administration services and access to 23 investments through a combination of their separate account product offerings and retail branded mutual funds. The four state-managed investment options (DCP Bond Fund, DCP Equity Fund, DCP Small Cap Equity Fund and DCP Money Market Fund) are closed to new investments. The Division of Investment is the fiduciary for the investments of the Plan. The Division of Pensions and Benefits maintains its administrative oversight functions for the Plan.

Investments are reported at fair value as follows:

- U.S. Government obligations and other fixed income securities – prices quoted by a major dealer in such securities.
- Domestic and international equities – closing prices as reported on the primary market or exchange on which they trade.
- Cash Management Fund – closing bid price on the last day of trading during the period as determined by the Transfer Agent.

Investment transactions are accounted for on a trade or investment date basis. Gains and losses from investment transactions are determined by the average cost method. Interest and dividend income is recorded on the accrual basis, with dividends accruing on the ex-dividend date.

Administrative Expenses

Expenses associated with the Plan, which include but are not limited to administrative and investment costs, are charged against the Plan's net assets as determined by the action of the New Jersey State Employees Deferred Compensation Board (the Board). The fee is charged to participants' accounts on a monthly basis. Amounts charged against the net assets by the Plan to date have exceeded the payments made, the excess of which has been recorded as administrative fees payable.

**STATE OF NEW JERSEY
NEW JERSEY STATE EMPLOYEES
DEFERRED COMPENSATION PLAN**

Notes to Financial Statements

June 30, 2010 and 2009

Unit Valuation

Participants' net asset value per unit is determined on a daily basis for each of the Plan's 27 investment fund options. Net asset value per unit is computed on the total fair value at the end of the day of the Plan's net assets divided by the total outstanding units of the Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

(2) Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan information statement, which is available from the State of New Jersey, Division of Pensions and Benefits, for a more complete description of the Plan's provisions.

General

The Plan was established by Chapter 39, P.L. 1978, which became effective June 19, 1978, amended by Chapter 449, P.L. 1985, effective January 14, 1986, and by Chapter 116, P.L. 1997, effective June 6, 1997, and is available to any state employee who is a member of a state-administered retirement system or an employee of an eligible state agency, authority, commission or instrumentality of state government provided the employee has at least 12 continuous months of employment, and any individual employed through a Governor's appointment. The Plan's membership was 43,987 and 42,966 at June 30, 2010 and 2009, respectively.

The assets of the Plan are being held in trust for the exclusive benefit of Plan members and their beneficiaries as required by Internal Revenue Code Section 457.

Contributions

Participants may defer between 1% and 100% of their salary, as defined, and less any 414(h) reductions or \$16,500 annually. Under the limited "catch-up" provision, a participant may be eligible to defer up to a maximum of twice the annual maximum in the three years immediately preceding the retirement age at which no reduction in benefits would be applicable. Participants must defer at least 1% of their annual salary but no less than \$10 biweekly or \$20 monthly. Federal income taxes are not due on deferred amounts or on any accumulated earnings until the participant receives a distribution of assets. Participants may elect to invest their contributions in multiples of 1% in any of the four investment fund options, and may increase, decrease or suspend their deferrals once a month. Compensation amounts deferred and accumulated earnings thereon, while in trust for the exclusive benefit of the participants, remain the property of the State of New Jersey until distributed to participants. Participants are always fully vested for the accumulated units in their accounts. Participation in the Plan ceases at retirement, termination of service, disability or death. The employer does not make contributions to the Plan.

**STATE OF NEW JERSEY
NEW JERSEY STATE EMPLOYEES
DEFERRED COMPENSATION PLAN**

Notes to Financial Statements

June 30, 2010 and 2009

Participants' Accounts

The administrator maintains a bookkeeping account for each participant that is credited as of the date at which the participant's compensation is deferred.

The account is also credited with any increase or charged with any decrease related to the transactions of the Plan.

The State of New Jersey is only under a contractual obligation to make payments under this Plan in accordance with the provisions of the applicable statute as payments become due. The State of New Jersey is not a guarantor of the Plan.

Distribution of Assets

A participant of the Plan or beneficiary may receive a distribution of assets under the Plan upon the participant's retirement, termination of service, disability, or death. Distribution of the participant's account will be made in a single lump-sum payment within two months after the administrator is notified of the event for all accounts unless the participant elects to delay distribution from the Plan. In all cases, distribution must commence no later than 90 days following the close of the calendar year in which the participant retired, terminated service, became disabled, died or attained age 70½, whichever is later. If the value of the participant's account is at least \$5,000, the participant may choose distribution as a lump-sum payment or, in substantially equal installments over a period not to exceed fifteen years. Additionally, the participant may select a combination payment consisting of an initial lump-sum payment followed by installments over a period not to exceed fifteen years if the balance in the account following the initial lump-sum payment is at least \$5,000. Accounts are valued for distribution purposes as of the end of the month immediately preceding distribution.

Distribution is also permitted in the case of an unforeseen emergency, as defined by Internal Revenue Code 457 regulations. A participant may also elect to receive an in-service distribution if the participant has not made deferrals into the Plan for 24 consecutive months and the total value of the participant's account does not exceed \$5,000.

Termination of the Plan

The Board, in accordance with the provisions of Chapter 39, P.L. 1978, has the authority to terminate this Plan or to substitute a new plan consistent with the requirements of the United States Internal Revenue Service.

Upon termination, each participant shall be deemed to have withdrawn from the Plan as of the date of such termination; the participant's full compensation on a nondeferred basis will be restored; and the administrator shall treat such participants as if they had termination of service on the date of such termination and pay such deferred compensation in accordance with provisions of the Plan.

Notes to Financial Statements

June 30, 2010 and 2009

Any substitute of a new plan, consistent with the requirements of the United States Internal Revenue Service, shall provide for the retention by the employer of the amounts already deferred under the prior plan and for the distribution of said amounts in accordance with the irrevocable written elections made pursuant to the Plan.

Vesting and Benefit Provisions

Assets in the Plan are held in trust for the exclusive benefit of Plan members and their beneficiaries in accordance with GASB Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*. Plan members are fully vested for the current valuation of their account from the date of enrollment in the Plan. Benefits are payable upon separation from service with the State of New Jersey.

(3) Investments

The Plan's investments as of June 30, 2010 and 2009 are as follows:

	<u>2010</u>	<u>2009</u>
Cash management fund	\$ 86,691,426	112,490,622
U.S. government obligations	367,895,678	284,765,388

	<u>\$ 2,048,624,885</u>	<u>1,779,242,545</u>

New Jersey state statute provides for a State Investment Council (Council) and a Director. Investment authority is vested in the Director of the Division of Investment and the role of the Council is to formulate investment policies. The Council issues regulations which establish guidelines for permissible investments which include domestic and international equities and exchange traded funds, covered call and put options, equity futures contracts, obligations of the U.S. Treasury, government agencies, corporations, international governments and agencies, bank loans, interest rate swap transactions, credit default swaps, fixed income exchange traded funds, U.S. Treasury futures contracts, state and municipal general obligations, public authority revenue obligations, collateralized notes and mortgages, commercial paper, certificates of deposit, repurchase agreements, bankers acceptances, guaranteed income contracts, funding agreements, money market funds, private equity funds, real estate funds, other real assets, absolute return strategy funds, and the State of New Jersey Cash Management Fund (CMF). The CMF is a short-term cash fund and is open to state and certain nonstate participants.

Notes to Financial Statements

June 30, 2010 and 2009

The Cash Management Fund is not evidenced by securities that exist in physical or book entry form held by the Plan and is not rated.

The Plan's investments are subject to various risks. Among these risks are custodial credit risk, credit risk, concentration of credit risk, interest rate risk and foreign currency risk. Each one of these risks is discussed in more detail below.

Custodial credit risk, as it relates to investments, is the risk that in the event of the failure of the custodian, the Plan will not be able to recover the value of investments or collateral securities that are in the possession of the third-party. The Plan's investment securities are not exposed to custodial credit risk as they are held in segregated trust accounts in the name of the Plan with the custodians.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The credit risk of issuers and debt instruments is evaluated by nationally recognized statistical rating agencies such as Moody's Investors Service, Inc. (Moody's), Standard & Poor's Corporation (S&P), and Fitch Ratings (Fitch). Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. There are no restrictions in the amount that can be invested in United States Treasury and Government agency obligations. Council regulations require minimum credit ratings for certain categories of fixed income obligations held directly by the Plan and limit the amount that can be invested in any one issuer or issue.
