

Horizon Blue Cross Blue Shield of New Jersey

Horizon Pharmacy Network

Are You Vaccinated?

Horizon Blue Cross Blue Shield of New Jersey makes it easy and cost effective for our members and their covered dependents to get immunizations, including flu vaccinations.

Your primary care doctor can give you and your family the suggested immunizations and flu shots. Many doctors offer immunizations. Preventive care services and screenings are only covered when provided by an in-network doctor or health care professional. Keep in mind that if the doctor provides services in addition to the immunization, you may have an out-of-pocket cost based on your benefit plan.

The following New Jersey pharmacies can administer no-cost flu shots and other vaccines, including shingles, hepatitis A and B, pneumococcal and human papilloma virus (HPV).

MinuteClinic®, at select CVS locations, and Take Care Clinic™, at select Walgreens locations, also offer this service. Talk to your doctor or pharmacist.

Various factors, such as age and lifestyle, determine when adults and children should receive immunizations. Talk to your doctor for more information about recommended immunizations for you and anyone covered under your medical plan. Pharmacists in New Jersey are limited to providing immunizations to members based on age and other criteria.

*Must be a pharmacy in New Jersey

Protect yourself and your family by getting your flu shot and appropriate immunizations today.
