

Printing & Publishing Industries & New Jersey Sales Tax

Publication ANJ-18

Registration

New Jersey law requires all businesses that will be collecting sales tax or purchasing tangible personal property for resale to register with the State for tax purposes at least 15 business days before starting business. To register, a **Business Registration Application (Form NJ-REG)** must be filed. You will receive a **New Jersey Certificate of Authority (Form CA-1)** for sales tax if you have indicated on your application that you will collect sales tax or purchase materials for resale. This certificate is your authorization from the State of New Jersey to collect sales tax and issue or accept exemption certificates. In most cases, both the seller and the buyer must be registered with the State to issue and/or accept exemption certificates. A Public Records Filing may also be required depending upon the type of business ownership. More information on Public Records Filing is available in the New Jersey Complete Business Registration Package (NJ REG) or by calling 609-292-9292.

Tax-Exempt Purchases

The New Jersey Sales and Use Tax Act specifically exempts from tax the sale of printing and publishing production machinery, apparatus, or equipment used directly and primarily in publishing newspapers. The exemption also applies to the sale of machinery, apparatus, or equipment used by a commercial printer in the production of tangible property for sale. Commercial printers include those businesses engaged in periodical, book, manifold business form, greeting card, or miscellaneous publishing and typesetting; photoengraving; electrotyping and stereotyping; and lithographic platemaking.

Printers and publishers purchase machinery and equipment without paying sales tax by issuing a **New Jersey Exempt Use Certificate, Form ST-4**, to their supplier. However, charges for installation or maintenance contracts for such machinery and equipment are taxable. Supplies used with the machinery as well as wrapping equipment and supplies are also exempt when purchased with Form ST-4.

Some examples of exempt supplies include:

Acids	Paper
Alcohol used as fountain solution	Plates
Blanket wash	Press blankets
Boxes	Press chemicals (etch)
Carbon tissue	Press chemicals (press wash)
Cartons	Printing plates (all types)

Taxable Purchases

Supplies that are not used directly and primarily in the production process are taxable: for example, stripping knives used to trim negatives or masking paper, filing envelopes used to file negatives, and tape dispensers for wrapping tape.

Out-of-State Purchases

Taxable supplies purchased in another state are subject to a 6% use tax when the supplies are brought into New Jersey, if no sales tax was paid in the state where they were purchased. If the tax paid on an out-of-State purchase was less than New Jersey's 6% sales tax and the other state has sales tax reciprocity with New Jersey, the difference must be remitted to the State of New Jersey as use tax. For more information on use tax, request ANJ-7, *Use Tax in New Jersey*.

Retail Sales

Because printing and publishing services result in the production of tangible property, the vendor is required to collect and remit sales tax to the State on the charge for these services. Printing and publishing services purchased by customers in another state for use out of State are not subject to New Jersey sales or use tax if the finished product is delivered out of State by the seller. If the finished product is picked up in New Jersey, the sale is subject to sales tax. For more information on out-of-State sales, request ANJ-10, *Out-of-State Sales & New Jersey Sales Tax*.

Advertising Services

Although sales tax is no longer imposed on advertising services, charges for the printing or publication of advertising and promotional material remain subject to sales tax. However, the law provides an exemption for the sale of advertising material to be published in a newspaper, and sales tax should not be collected on these sales. Receipts from the sale of direct-mail processing services for advertising material sent to addresses in New Jersey are taxable and the vendor must collect and remit sales tax on such services.

Sales for Resale

When taxable printing or publishing services are purchased by a customer who intends to resell the product, a vendor is not required to collect sales tax if the purchaser issues an appropriate exemption certificate. A purchaser whose business is registered in New Jersey issues a **New Jersey Resale Certificate, Form ST-3**, when making purchases for resale.

Qualified Out-of-State Vendors: Qualified out-of-State vendors may make tax-exempt purchases in New Jersey of goods or services purchased for resale. When the qualified out-of-State vendor carries the goods away with him from the point of sale, or sends his own vehicle or messenger to pick them up in New Jersey, the **only** acceptable resale certificate for a qualified out-of-State vendor to use is the **Resale Certificate for Non-New Jersey Vendors, Form ST-3NR**. The ST-3NR requires the person picking up the merchandise to provide acceptable identification (i.e., driver's license of any state in the United States, major credit card including photograph, or any identification card which includes a number **and** a photograph **and** the bearer's address). "Qualified out-of-State vendors" are vendors that (1) are not registered with New Jersey (2) are not required to be registered with New Jersey and (3) are registered with any other state. For more information on issuing and accepting exemption certificates, request Tax Topic Bulletin S&U-6, *Sales Tax Exemption Certificates*.
